

# JD EDWARDS ENTERPRISEONE TESTING INNOVATION

**dws**  
AGEST GROUP

#DYK

“

When it comes to enterprise software projects, testing can account for up to 65% of the total project time + effort.”

Given its significance,  
there must be a way to  
**test smarter**

## VOLUME | PERFORMANCE TESTING

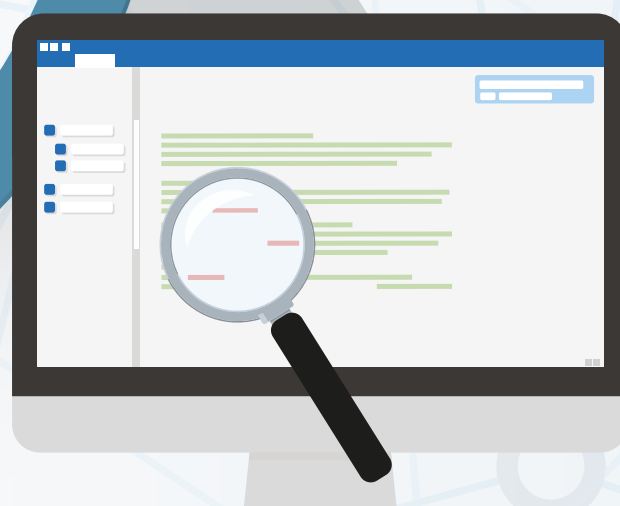

### ONLY TEST WHAT NEEDS TESTING

Forensically analyse any  
changes in code
